## OUR SERVICES

Include;

### Full Line of Occupational Health Services

Beyond exams, tests, and injury care, we help businesses cut health costs and keep employees on the job.

### Medical Evaluations

We offer services to detect potential health problems early and protect your most valuable assets. Exams are;

- ✔ Pre-placement physicals
- ✔ Drug screening, 10 panel
- ✔ Required employee physicals
- ✔ Breath alcohol testing

### Acute Injury Care

We help your employees recover from workplace injuries quickly with prompt, appropriate care. Our acute injury services include:

- ✔ Clinic treatment
- ✔ Complete diagnostic testing
- ✔ No-wait urgent care
- ✔ Quick X-ray results

### Case Management and Referrals include:

- ✔ Work status faxed to your office following an employee visit
- ✔ Timely reporting outcomes of drug and alcohol tests with I-cup
- ✔ Network of referral specialists who understand employer needs
- ✔ Occupational health providers coordinating care
- ✔ Focus on timely return to work including light duty assignment as appropriate

### Wellness Programs & Corporate Health Screening

We offer customizable on-site wellness and health screenings, including but not limited to:

- ✔ Blood Pressure
- ✔ Cholesterol
- ✔ Blood sugar
- ✔ Triglycerides
- ✔ Prostate Specific Antigen
- ✔ Flu Shots

We partner with employers to understand their needs, provide accessible occupational health care, improve workplace wellness, strengthen employer-employee relations, and deliver affordable, personalized medical services.

Call 281-916-1444 to learn more about our **occupational health services**. From pre-employment physicals and drug screens to workplace safety support, our licensed providers partner with employers across the region for complete employee health and wellness solutions.

If you require assessments not listed above, our staff will work with you to customize service to meet your needs.
